

STEAMSHIP TRADE ASSOCIATION
OF BALTIMORE, INC.

WINTER WEATHER WARNING

Any worker not wearing safety shoes (FYI safety shoes are non-slip designed) will be sent home. No one is to work with dress shoes or non-safety tennis shoes because they may slip on ice, fall, and seriously injure themselves.

If you are working in the Fairfield, Chesapeake or Mercedes Terminals, please make sure that the walkways are free of ice and do not hesitate to ask Amports, Mercedes or MPA to plow or salt the work areas before you start working. Also, feel free to contact management if you need any assistance.
